

Research progress reporting for Masters and Doctoral thesis students in the Department of Biology at McGill is mandatory. This report must be completed in full at least annually at face-to-face meetings between thesis students, their supervisors, and supervisory committee member(s).

In cases where the student has missed an established progress report deadline and has not responded to the Biology Graduate Studies Office within 4 weeks after being contacted by the Unit, the report may be completed in the student's absence, and progress may be judged unsatisfactory.

The student, supervisor(s), and Department of Biology must retain copies of this form. It must also be made available to members of the supervisory committee and university administrators authorized to view student records upon request.

External award holders must use this form for annual progress reports, including the box on page 3. Submit a copy to GPS Graduate Funding.

Please contact a GPS Associate Dean regarding any questions about progress reporting.

For a **first report**, students complete the **Objectives** box only. For subsequent reports, students complete all boxes on this page.

**OBJECTIVES** and timelines jointly agreed upon by student and supervisor(s) for next meeting in \_\_\_\_ month(s) (e.g., courses, [ethics approval](#), required training, chapter, data collection, initial thesis submission)

**OBJECTIVES SET** at a previous meeting should be in hand to review at the present meeting.

**PROGRESS** toward stated objectives, other accomplishments, and/or student's notes on progress (e.g., courses, presentations, awards, etc). The annual supervisory committee report should include these details and may be attached to this document instead of itemizing accomplishments here. To ensure that students have a voice in this report, and to support or counterbalance the evaluation on p. 2, only the student may report on progress in this box.

\*Requisite knowledge is often developed through coursework, which may be commented on in the box below. However, unsatisfactory progress in coursework alone cannot lead to an unsatisfactory progress report because a separate Failure Policy governs coursework. Please see the Failure Policy in Graduate Studies on the University Regulations and Resources website, starting at [www.mcgill.ca/study](http://www.mcgill.ca/study).

†A first overall unsatisfactory report must lead to a follow-up progress tracking meeting, not sooner than 4 months after the first report and not later than 6 months after the first report. DEADLINE FOR FOLLOW-UP REPORT: \_\_\_\_\_.

Failure to meet overall objectives on two Reports (not necessarily successive) constitutes unsatisfactory progress towards the degree and, if recommended by the academic unit, the student will be withdrawn from the University.

**EXPLANATION** of the evaluation, and comments on related areas, such as coursework, lab work, etc., as appropriate.

**SUPPLEMENTARY DETAILS**  
Use this box to include additional details (e.g., funding status, courses to be taken, presentations since the last meeting).

**External Award Holders** must complete this box and email a copy of the entire progress report to GPS Fellowships, copying their supervisor to the email.

[Regulation on Conflict of Interest](#) - **\*\*If anyone checks YES, the form must be submitted to the Dean of GPS with an explanation. If there is any doubt, contact the appropriate GPS Associate Dean.**

“Conflicts of interest may take various forms and may arise in various contexts. A potential conflict of interest will exist whenever a member of the University community is in a position to influence the conduct of research, academic, human resource, business, financial, governance or other matters in ways that could lead to personal gain for the member or a related party, or give improper advantage to others, to the detriment of the University or other members of the University community.”

“The Regulation recognizes that the existence of a potential conflict situation does not necessarily connote misconduct or preclude the involvement of a member in the situation in which the conflict has arisen – provided the conflict is recognized, disclosed, assessed and addressed. However, it must be recognized that not all conflicts of interest, even if disclosed in a timely manner, will be permitted.”
